

Astrology With Chris

An Illumination Station

Do you wish to offer your clients transformative, powerful, and personal VIP attention?"

Chris is a certified Evolutionary Astrologer who's focus is upon the conscious knowing of oneself, the process of Self-Discovery and the Journey of the Soul, through the use of Astrology. This type of Astrological service is based on the Soul's over arching evolutionary path. Although The Past, Present and Future path are part of a reading, it is not based on fortune telling or "Sun Sign" Astrology.

"As above, so below." Outer world and inner world. Uncovering meaning and parts of our selves that are in connection, and as part of, a reflection of the Universe is what Chris will be sharing through Astrology in a personal way to your clients.
